Team selection:

The 2014 team was selected with consultation with the motocross committee as per normal procedure which is as follows:

65s, SW and BW classes: the top 3 in the Southern Centre and a wild card.

Youth and Adult Open classes: the fastest available SC riders.

Please note that some riders were unavailable or injured this year but the policy of fastest and available was followed.

All wild card and open riders were selected from SC lap times as recorded on MyLaps.com with the most recent SC champ rounds used to see the current pace of the SC riders.

Over the years it has been recognised that as there is a lot of voluntary management time required by the team manager during selection, administration and running the team, the team manager has been permitted by the Motocross committee to include a family member in the team as a wild card at the managers' discretion. It should also be noted that the team manager has usually been a travelling parent, he has not been offered nor has taken expenses over the past number of years.
